**98<sup>th</sup> Annual Meeting  
Hawai`i Preparatory Academy  
Waimea, Big Island, Hawai`i  
19 – 23 June 2017**

**Call for Symposium and Workshop Proposals**

Members of AAAS and its affiliated societies, students, teachers and other scientists are encouraged to participate in the 2017 annual meeting by developing symposia and/or workshops. Persons wishing to develop a program for the Hawai`i meeting should e-mail the title, description and other information (see instructions below) to the Pacific Division office at [rchristi@sou.edu](mailto:rchristi@sou.edu). They should have also read and agree to the "Position Description: Symposium Organizer" on page 2 of this document.

**Symposia** are scheduled in 1/2-day (3 to 4 hours) sessions, and for this meeting may be from 1 to 6 sessions in length. Individual symposium presentations are scheduled at 30 minute intervals (about 29 minutes for presentation and questions and 1 minute for changeover to next speaker), but the actual scheduling depends on the needs of the symposium and may be longer or shorter, even a combination of different lengths. Please contact Dr. Roger Christianson, Pacific Division Executive Director, to discuss your specific needs. When preparing your submission, please indicate which presenters are confirmed. (see 10 below). If you do not yet have a list of presenters, you may submit a list of potential presentation topics. Please keep in mind that we need as much information as early as possible in order to adequately consider and publicize the symposium.

**Workshops** are generally scheduled for a 1/2-day or full-day and may or may not accompany a symposium. If special facilities and/or equipment are required, be sure to identify what you need as completely as possible in your submission (10 below). If a cost is incurred, it will be passed along to participants as a workshop fee in addition to the ordinary meeting registration fee.

Questions? Contact Dr. Roger Christianson at 541-552-6747 or [rchristi@sou.edu](mailto:rchristi@sou.edu).

**Format your submission as below. Missing information will cause the proposal to be returned for completion.**

- 1:** Organizer's name, affiliation, address, telephone number and *long-term* e-mail address
- 2:** Co-organizer's name(s) (if any) name(s), affiliation(s), address(es), telephone number(s) and *long-term* e-mail address(es)
- 3:** Is this a proposal for a Workshop or a Symposium?
- 4:** Do you anticipate having any students among the presenters? If so, how many?
- 5:** Number of 1/2-day sessions requested (a session is roughly three to four hours, depending on the needs of the program)
- 6:** Is there a particular day on which this program *must* occur? If so, why?
- 7:** Pacific Division section(s) and/or affiliated society you are requesting to sponsor this program (see page 3 of this document). *You must identify at least one section or society to sponsor your program or your proposal will be returned.*
- 8:** Title of proposed program
- 9:** Brief description of proposed program (please limit to 250 words)
- 10:** *If a symposium*, list the names of proposed (confirmed?) speakers, including academic/professional affiliation and e-mail address for each. Presentation titles are optional at this time and will be requested later, along with an abstract for each presentation. Abstracts are to be collected by 1 April 2017 and vetted by the symposium organizer, who then forwards them to the Pacific Division office ([rchristi@sou.edu](mailto:rchristi@sou.edu)) no later than Saturday, 8 April 2017.  
*If a workshop*, indicate facilities and/or special equipment required and number of participants that can be accommodated.

## Pacific Division

### Position Description: **Symposium Organizer**

The symposium organizer fleshes out the idea(s) for a symposium, arranges for appropriate presenters, communicates on behalf of the Division to the presenters, creates the schedule for the symposium, makes sure that presenters' abstracts are submitted in a timely manner, approves abstracts for content and style, collects presenters' PowerPoint presentations in advance of the program, and serves as the liaison between the presenters and the Division office.

The organizer, who may be an individual or a group of individuals, provides a title, brief description (250 words or less), and potential presentation titles and/or presenters' names as well as other information (see Call for Symposia and Workshops for complete information) to the Executive Director, either through the local program organizing committee or directly. Once accepted into the program, the information is posted to the Division's symposium web page. The organizer shall then:

1. finalize the list of presenters and titles for their presentations;
2. communicate with the presenters, among other things, the following:
  - the 1 April 2017 deadline for abstracts to be submitted to the symposium organizer,  
[NOTE: All symposium abstracts are submitted directly to the symposium organizer, not a section chair or the Pacific Division office. Abstracts for contributed papers/posters go a different direction and have a different deadline for submission. The 1 April deadline is for submission of abstracts to symposium organizers. The 8 April deadline for organizers is to allow them time to collect and review all abstracts before sending them to the Pacific Division office.]
  - the computer operating system and version of PowerPoint that will be used for the symposium, and
  - the requirement for all presenters to register for the meeting (special rates are provided for presenters and program planners; registering early is less expensive than registering later);
3. prepare a schedule for the presentations and send it to the Executive Director no later than 8 April 2017;
4. collect all of the presenters' abstracts, vet them for format and content (see Call for Papers and Abstracts for how to format an abstract), and send them as a bundle to the AAASPD Executive Director no later than 8 April 2017 [NOTE: abstracts should not be sent to the AAASPD office by individuals, but as a bundle by the program planner];
5. collect presenters' PowerPoint presentations and load them onto a computer in advance of the session; and
6. communicate information about the symposium to the Executive Director in a timely manner to allow for publication and advertising of the symposium in the Division's newsletters and on the Division's website.

### Important dates for program planners for the 2017 meeting in Hawai'i
